5C - Geometric Design Criteria 1 Revised: 2018 Edition
Geometric Design Tables A. General The following sections
present two sets of design criteria tables - Preferred Roadway
Elements (Table 5C-1.01) and Acceptable Roadway Elements
(Table 5C-1.02). In general, the "Preferred" table summarizes
design values taken from the AASHTO's ...

Geometric Design Tables

Adobe shows an example of geometric calligraphy, which would
work for the typography in a header of any site or as logo
design. The use of geometry to create letters and numbers
creates a three-dimensional effect which grabs user attention
and gives a design a modern edge.

Do you remember, we've already talked about geometric pattern in home decor in last post about Best 2015 Interior Trends, while talking about ethnic nordic decor.. It really seems that geometric interior trend is invading design and home decor.The real reason is that geometric theme is really versatile, a timeless and elegant decor that may be used in many different interior style.

Geometric interior trend ...and ... - INTERIOR DESIGN BLOG

The geometric design of roads is the branch of highway engineering concerned with the positioning of the physical elements of the roadway according to standards and constraints. The basic objectives in geometric design are to optimize efficiency and safety while minimizing cost and environmental damage. Geometric design also affects an emerging fifth objective called "livability," which is ...
