In *A Different Voice: Psychological Theory and Women's Development* is a book on gender studies by American professor Carol Gilligan, published in 1982, which Harvard University Press calls "the little book that started a revolution". In the book, Gilligan criticized Kohlberg's stages of moral development of children. Kohlberg's data showed that girls on average reached a lower level of moral development than boys did. Kohlberg's theory had been developed on a sample of boys. Gilligan stated that

In a Different Voice - Wikipedia

Translated into sixteen languages, with more than 700,000 copies sold around the world, *In a Different Voice* has inspired new research, new educational initiatives, and political debate—and helped many women and men to see themselves and each other in a different light. Carol Gilligan believes that psychology has persistently and systematically misunderstood women—their motives, their moral commitments, the course of their psychological growth, and their special view of what is important ...

In a Different Voice Quotes by Carol Gilligan

A different voice is a communication theory derived from the book, In a Different Voice by Carol Gilligan. The theory is a 'moral development which claims that women tend to think and speak in a different way than men when they confront ethical dilemmas.' This theory also suggests the feminine ethic of care and the masculine ethic of justice.

...

Her voice is different. What made the "different voice" different was not the association with women. Women have many voices, and this is only one and by no means limited to women or characteristic of all women. The difference arose from the integration of thought with emotions and self with relationships.
