### Data Structures A Pseudocode Approach

Data Structures isn't the best class in C. Nine times out of ten I wished that the pseudocode was written in actual code(or C++) since our curriculum doesn't really teach anything in pseudocode. It doesn't help that my class credit didn't transfer to the four year school I'm at now, so I have to take it again.

### Amazon.com: Data Structures: A Pseudocode Approach with C ...

6 Section 1.1 Pseudocode The structure of the data, on the other hand, must be declared. We use a simple syntactical statement that begins with a structure name and concludes with the keyword end and the name of the structure. Within the structure we list the structural elements by indenting the data items as shown below.
