being deployed. The deployment plan describes each step of the deployment process at each deployment location, whether there is one site or multiple sites, or one deployment or a phased deployment planned.

Execution - Deployment Plan | Academic and Student Affairs

The term deploy is

Download Ebook Deployment Document

often used

interchangeably with the words release and ship, but they don't mean exactly the same thing. Deployment represents the installation or running of a new version of code on a server — going “live” with the software. This deployment may occur on a testing server rather than a production server.
