:bang: I have a 1987 bucket truck (gmc) with high ranger model #6td-65pb1.upper boom controls will go down but not up. lower boom will go up but not down. swing left but not right. the trigger will only work hydraulics for about 3 seconds at a time. all controls work from dead man. can anybody...

having trouble with controls for bucket truck ...

Manufacturers of Cherry Pickers/Bucket trucks do absolutely nothing to prevent the oil from airborne contaminants, including moisture. The addition of a desiccant breather is highly recommended. This will keep that low di-electric hydraulic oil (preferably Mil L 5606) clean and DRY, thus safe for bucket/cherry picker use..
