Change file type association back to unknown Good morning all, I was importing an image into my autocad program that has the file ext. .gp4. That is a file type no longer in use and supported (I think it might have be called "Fastlook"). Whilst importing I accidentally hit Adobe pdf to associate to these file types.

Change file type association back to unknown - Microsoft ...

I have a large number of files that I need to convert, and when I use the Export function, it defaults to PDF. I want it to default to CSV. Is there any way to change that? I know I can change the default Save file type in the Options, but I don't see anywhere to change the export. I'm using the Office 16 desktop client.
